EXPERIENCE

Senior Software Engineer

Parallel Studios

📅 07/2025 - 07/2026 📍 NYC | Remote

- Served as a Full Stack Engineer on Rumor, delivering scalable web, mobile, and backend solutions in close collaboration with cross-functional product, design, and engineering teams
- Led the development and launch of Rumor 2.0, modernizing the platform with substantial improvements to application performance, responsiveness, and overall user experience
- Drove feature development and production stability by resolving critical issues and contributing across the full software development lifecycle, from architecture and implementation to deployment and ongoing support

Chief Technical Officer

Western Sahara Worldwide Services (WSWS)

📅 01/2024 - 06/2025 📍 UAE | Remote

- Led the technical vision and managed a distributed engineering team of 5, driving the development and delivery of fintech platforms including WFunded and WMarkets while aligning engineering execution with business objectives
- Architected and delivered scalable full-stack trading infrastructure, cloud integrations, and internal tooling using Next.js, TypeScript, Node.js, and NestJS to support business growth and operational efficiency
- Partnered with traders, quants, and executive stakeholders to design trading dashboards, analytics, and customer-facing features, translating complex business requirements into scalable technical solutions

Fullstack Engineer

Maalexi

📅 06/2023 - 03/2025 📍 UAE | Remote

- Led full-stack feature development across B2B web and mobile applications, delivering scalable solutions using React Native, Next.js, Node.js, and TypeScript in collaboration with cross-functional teams.
- Designed and implemented AI-powered onboarding for better data extraction, improving workflow, user experience, and customer activation.
- Integrated APIs, optimized app performance, and delivered product initiatives boosting user engagement and monetization.

EDUCATION

Bachelor of Science (B.Sc.) – Computer Science

University of Port Harcourt

📅 2017 - 2022

SUMMARY

Senior Full Stack Engineer with 5+ years of experience designing and delivering scalable web and mobile applications. Skilled in React, Next.js, React Native, Node.js, and TypeScript, with proven experience leading engineering teams, architecting production systems, and shipping high-impact software

SKILLS

Frontend

React	Next.js	React Native
Redux	Zustand	TailwindCSS
SCSS	Material UI	

Backend

Node.js	NestJS	Express.js
REST APIs	GraphQL	Prisma
TypeORM		

Databases

PostgreSQL	MongoDB	Supabase
Firebase		

Cloud & DevOps

Git	GitHub	CI/CD	Vercel
Netlify	Firebase Hosting		

Other

System Design		
Performance Optimization	Web3	
Ethers.js	Agile	
Technical Leadership
